Note: It is advisable to forward individual placement request forms well ahead of the above indicated application deadlines. Each placement request submitted through HSPnet needs to be preceded by a placement request form forwarded to SickKids by e-mail.

\*Due to the increased requests for placements at The Hospital for Sick Children (SickKids) placement requests will not be accepted after the submission deadlines.

\*\*Students placed at SickKids **must** contact the Advanced Nursing Practice Educator designated as their contact person **during the indicated period of time**. Contact information for each unit educator will be provided after placements have been confirmed.

Replacements for students placed at SickKids will be considered on an individual basis.

For any further inquiries, please contact The Centre for Nursing at 416-813-6941, [nursing.studentplacements@sickkids.ca](mailto:nursing.studentplacements@sickkids.ca)
